

McCrory City Council  
Special Meeting  
11-21-2023

Special Meeting was called to order by Mayor Jackson at 6:30pm.

Clerk Kendrick called roll. All members present but Council member Austin. She is coming back from out of state work day and will be here when she gets back to town.

Mayor Jackson asked if everyone had gotten the email he sent from Delta Regional Authority (DRA) regarding the paying of invoices due. He had copies printed for everyone in case they had not had a chance to look at their email.

DRA has had some issues with their portal for about a month and have been unable to process any payments. Once the portal is fixed and a bill is sent, DRA estimates two weeks for the city to receive the funds.

The city is ultimately responsible for paying for the bills, and by not paying them, we are not abiding by the contract to pay as the construction goes on.

Concrete work is supposed to begin next week and the building is supposed to be delivered before the end of November. Once this work is done, we will be receiving bills for this work as well.

This project is to add two loading docks and to enclose the loading docks. At this time, there is only one loading dock.

The total for October work was \$69,876.61. The council approved payment of \$29,858.00 for the building when it is delivered at the November meeting. The remaining \$40,018.61 is due to Crawford Builders for materials and labor for October work.

Council member Dallas made a motion to pay Crawford Builders \$40,018.61 for materials and labor for the Worldwide Project. Council member Austin second. Roll call vote requested. Motion carried 4-2. Those voting yes were Council member Taylor, Council member Dallas, Council member Carter and Council member Austin. Those voting no were Council member Powell and Council member Massanelli.

Council member Dallas made a motion to adjourn. Council member Massanelli second. All council members voted in favor. Meeting adjourned at 7:10pm.
